

INTERESTED IN ENROLLING MORE K-12 HOOSIER STUDENTS?

Becoming a Qualified School within the Indiana Education Scholarship Account program will allow your school to enroll and accept payment from ESA students throughout the state. **These are students who otherwise would be unable to afford private tuition.**

On average, an ESA student receives \$17,500 annually. These funds can be used for tuition and fees at qualified schools, private non-public schools, therapies, programs, and other educational experiences.

ESAs are flexible - we will work with your school to determine payment timelines so that they are consistent and work for you.

APPLICATIONS OPEN NOW!

Who can be a Qualified School?

A Qualified School is a nonpublic school accredited by the state board or a national/regional accreditation agency that is recognized by the State Board of Education.

Student Eligibility Requirements

- Indiana resident
- K-12 student (ages 5-22)
- Qualified for special education services and has an IEP, ISP, or ESA SP developed
- Meets the annual income qualification (\$222,000 for a family of 4)
